## **Ronbow® Introduces Contemporary & Customizable MARCO Collection by Ramon Esteve**

*Bath Furnishings Co. Debuts Signature Series Collection  
in Collaboration with Renowned Spanish Designer*

**FREMONT, CALIF.** — Northern California-based luxury bathroom furnishings manufacturer Ronbow® introduces MARCO, a new bathroom suite collection of vanities, LED mirrors and cabinets by designer Ramon Esteve. The MARCO collection emphasizes strong linear design throughout, focusing on essentials rather than embellishments. MARCO is part of the new Signature Series by Ronbow, a diverse collection of extreme quality and refined luxury with globally trendsetting bathroom products designed by the world's premier artists, designers and design firms. The Signature Series brings together 11 new collections from nine top European designers under one single brand.

Ramon Esteve's work has been published in over a hundred books and magazines. Esteve founded his studio in 1991 as a place where architects and designers could work together to develop projects that reflect a sense of harmony, serenity and timelessness. He collaborates with prestigious brands and is a popular speaker at design conferences and lectures at the Polytechnic University of Valencia School of Architecture.

"In creating MARCO, I was inspired by the broad horizontal lines that are found in the landscapes of the interior of the Iberian Peninsula – the same ones that convey calmness and serenity at sunset," said Ramon Esteve, designer of MARCO. "The concept of the furniture design and bathroom elements preserves the idea of ancient basins which are characterized by a wood or metal structure that supports a porcelain sink. These same elements, with a contemporary proportion and formal simplicity, are the essence of this collection."

**From left to right: 1) Vanity paired with drawer and an integrated towel bar, trough style sinktop and unique full-size drain cover plate. 2) Vanity wood drawer organizers with woven drawer liner. 3) Matching side cabinet in white with bronze metal frame legs.**

**Ramon Esteve Architectural & Design Studio: Valencia, Spain**

The MARCO vanity aesthetic is comprised of a square-tube steel frame base finished in bronze. A 7-1/8" thick geometric trough style sinktop rests in perfect alignment on the structure. Right angles, crisp lines and spaces create the architectural details, which follow the designer's concept throughout the collection. The sinktop includes a removable basin-floor drain cover, which makes the water look as if it's disappearing. Touch-activated LED mirrors create a similar "floating" effect with integrated LEDs which illuminate around the mirror's perimeter. Other MARCO components include side and wheel cabinets. All pieces possess a strong horizontal emphasis that can be adapted to existing bathroom spaces of different sizes and styles – in homes, offices or restaurant spaces.

**MARCO Bath Suite: Console with trough style sinktop, drawer and integrated towel bar with matching side cabinets and LED mirror that illuminates from top to bottom.**

"MARCO allows consumers to customize their design with a minimalist approach," said Stuart Stanton, executive vice president at Ronbow. "The design materials reinforce its contemporary character by using a combination of wood, metal and white solid surface sinktops. The collection is a beautiful play of contrast that brings a new and exciting approach to bath furniture design."

The MARCO vanity frame, offered in two sizes, is created by orthogonal lines in Dark Bronze powder coated metal. The 31" vanity base, which can be paired with an optional 29" Dark Bronze metal towel bar for more storage, includes a single faucet trough style matte white solid surface sinktop. In addition, MARCO features five minimalist storage solution configurations for the 63" vanity frame base. This includes the base paired with a German manufactured 30" full-extension, soft-close drawer (with woven drawer liner and organizers) in Oak Toscana, a 30" Dark Bronze metal towel bar or a 60" towel bar. Two 63" sinktops are offered in matte white solid surface: single faucet trough style with large countertop space and double faucet trough style, creating a double vanity.

Matching components include LED touch-activated mirrors with Oak Toscana and Dark Bronze powder coated metal frames, offered in 31" and two 63" variations – one with a shelf ledge for storage and one without. The mirrors are integrated within a rectangular frame which conceals the light, illuminating the top and bottom. Side cabinets finished in White with a Dark Bronze powder coated metal legs base are offered in various sizes, all with a soft-close door with finger pull. The 33" versions are available in narrow and wide widths, each with one fixed wood shelf, and the 49" tall side cabinet (also available in narrow and wide widths) includes two fixed wood shelves. Finally, an Oak Toscana wheel cabinet provides mobile storage, fitting perfectly under the vanity frame to save space. It features two full-extension, soft-close drawers with finger pulls, woven drawer liner, wood drawer organizers and concealed locking wheels.

#### **About Ronbow®**

For over a decade, Ronbow® has been a leading global manufacturer and distributor of luxurious bathroom furnishings. Known for their crafting of furniture and ceramics, with a keen attention to detail, Ronbow selects the highest-quality hardwood and materials, putting each furniture piece through a rigorous 10-step finishing process that is finalized with a comprehensive assembly process. From rich traditional to classic contemporary and refined European collections, Ronbow offers a multitude of styles and finishes to complement any design aesthetic. Their new Signature Series features collections by some of the world's leading design professionals, including Phoenix Design, Kurz Kurz Design, Pininfarina, Ora Ito and Matteo Thun & Antonio Rodriguez. Ronbow provides a variety of configurations, sizes and materials to inspire a unique, personalized experience. For more information on Ronbow, please visit [www.ronbow.com](http://www.ronbow.com)

#### **About Ramon Esteve**

Founder and Director of the Ramon Esteve studio, Ramon Esteve is the creative soul of the organization. In 1991, Esteve founded the studio with the certainty that architecture was a global discipline. The studio operates in the fields of architecture, interior and industrial design on an international scale. Esteve holds a doctorate in architecture and has been a professor in the School of Architecture at the Polytechnic University of Valencia since 2005. Esteve has taught in the area of hotel design in the interior design Master program at the Cardenal Herrera University since 2012.
