Ronbow® Unites with Designers Matteo Thun & Antonio Rodriguez for New 1960s Inspired NOCE Collection

*Bath Furnishings Co. Introduces Signature Series Collection
Designed by Former Art Director for Swatch*

FREMONT, CALIF. — Northern California-based luxury bathroom furnishings manufacturer Ronbow® presents the NOCE Collection, a mid-century inspired bathroom suite series of vanities, hutches, wheel cabinets, side cabinets, two variations of vessel basins, and a unique LED mirror – all designed by Matteo Thun and Antonio Rodriguez. The NOCE collection is reminiscent of iconic 1960s vintage style with a modern, functional twist, including LEDs and integrated electrical outlets and USB ports. NOCE is part of the new Signature Series by Ronbow, a diverse collection of extreme quality and refined luxury with globally trendsetting bathroom products designed by the world's premier artists, designers and design firms. The Signature Series brings together 11 new collections from nine top European designers under one single brand.

Matteo Thun is an award-winning architect and designer who has taught design at the University of Applied Arts in Vienna and has served as Art Director for Swatch. In 1984, Thun founded his own studio in Milan, Italy, while Antonio Rodriguez, starting from 2003, was head of product design and partner of Matteo Thun & Partners before partnering with Thun under the new industrial design firm MTDR.

“We are thrilled to bring Matteo Thun and Antonio Rodriguez’s new design to life with NOCE,” said Stuart Stanton, executive vice president at Ronbow. “The NOCE collection is a beautiful and iconic mid-century addition to our Signature Series. Its vintage style and modern functionality make it the perfect on-trend choice for any contemporary bathroom.”

From left to right: 1) Matteo Thun & Antonio Rodriguez’s design showpiece focuses on a hutch with integrated LED lighting, open shelving and a unique LED mirror. 2) The two full-extension, soft-close drawers include woven drawer liners with two USB ports & two electrical outlets in top drawer. 3) Side cabinet includes one soft-close door that opens to four large wood shelves.

Antonio Rodriguez & Matteo Thun

The main pieces in the collection are offered in two finishes: American Walnut and American Walnut with Sabbia Beige drawer/door fronts and sides, both with Glossy Black wood legs. At the center of the collection is the stunning NOCE vanity, inspired by mid-century modern furniture, which features a hutch and integrated LED mirror – creating a freestanding showpiece for the bath. The vanity is offered in four sizes. The 27" and 39" vanities include two German manufactured, full-extension, soft-close drawers with Hettich brand glass drawer boxes and woven drawer liner; the top drawer includes two electrical outlets and USB ports. The 51" version features two soft-close drawers, an interior fixed wood shelf with a U-shaped cutout, and an open shelf on the right side. Finally, the 78" version includes two electrical outlets and USB ports in the top drawer, woven drawer liner, and an open shelf in the middle. The vanities are finished off with tops made of 3/4" thick Wide White TechStone™. Recommended above counter vessel sinks in white ceramic include a square and rounded square variation with optional matching drain covers.

From left to right: 1) NOCE vanity and hutch combination shown in Sabbia Beige and American Walnut. 2) Unique rounded square ceramic vessel designed by Matteo Thun and Antonio Rodriguez.

For the 51" and 78" vanities, consumers can also choose from optional statement hutches in two styles with integrated LED lighting and open shelving. Offered in full mirror or wood back versions, both NOCE hutches include an LED light strip at the top and four fixed open shelves. Users can add even more storage and decor with matching components: a wheel cabinet (29") with two drawers, woven drawer liners and locking Italian Rotala wheels; a side cabinet (71") with one soft-close door that opens left to right with four fixed shelves; and finally, a round 20" LED mirror. All of NOCE's pieces include push-open drawers and doors.

About Ronbow®

For over a decade, Ronbow® has been a leading global manufacturer and distributor of luxurious bathroom furnishings. Known for their crafting of furniture and ceramics, with a keen attention to detail, Ronbow selects the highest-quality hardwood and materials, putting each furniture piece through a rigorous 10-step finishing process that is finalized with a comprehensive assembly process. From rich traditional to classic contemporary and refined European collections, Ronbow offers a multitude of styles and finishes to complement any design aesthetic. Their new Signature Series features collections by some of the world's leading design professionals, including Phoenix Design, Kurz Kurz Design, Pininfarina, Ora Ito and Matteo Thun & Antonio Rodriguez. Ronbow provides a variety of configurations, sizes and materials to inspire a unique, personalized experience. For more information on Ronbow, please visit www.ronbow.com

About MTDR

Matteo Thun & Partners is a brand for architectural and interior projects as well as for product design, acting on an international scale and including two sub-brands: Matteo Thun and Luca Colombo's architecture and interior design firm MTLA for Italian projects, and Matteo Thun and Antonio Rodriguez's design studio MTDR. A third branch under the same leadership is to be established in Shanghai, China. The creative approach of Matteo Thun and Antonio Rodriguez to product design is characterized by simplified forms and the use of warm and natural materials, with the goal to influence the evolution of everyday life.
