in Collaboration with Acclaimed Spanish Designer*

**FREMONT, CALIF.** — Northern California-based luxury bathroom furnishings manufacturer Ronbow® introduces the WATERSPACE collection, a bathroom suite series designed by Spanish designer Joan Lao which evokes the natural beauty of water. Comprised of vanities, sinktops, LED mirrors/mirror cabinets and wall cabinets, WATERSPACE is part of the new Signature Series by Ronbow, a diverse collection of extreme quality and refined luxury with globally trendsetting bathroom products designed by the world's premier artists, designers and design firms. The Signature Series brings together 11 new collections from nine top European designers under one single brand.

Based in Barcelona, Spain, Joan Lao is an international design icon recognized for his work in product, interior and architectural design. Since opening his design studio in 1985, he has participated in more than 3,000 interior design projects for clients who appreciate his unique design stamp across furniture, lamps, tapestries and objects – one of balance and peace. Symbolizing soothing, flowing water, the WATERSPACE collection integrates natural tones, undulating textured wood finishes and a curved design theme for a complete sense of balance and tranquility.

“The concept for the new collection is water for life – to define the value of water for people and its importance in the bathroom,” said Joan Lao, designer of WATERSPACE. “A large percentage of the earth, three quarters, is water. Human beings are 60 percent water, and water therapies are more and more commonplace. I like the idea of enhancing such an important place for people.”

The WATERSPACE collection is offered in two earthy, textured wood finishes evoke fluid motion: Drift Gray and Ebo Gray. Available in 10", 20" and 30" tall sizes, the wall-hung vanity is remarkable for its curved door design which includes two soft-close doors with finger pulls, with GRASS hardware that opens 90 degrees. The 30" vanity can be wall-hung or floor standing with an optional stainless steel leg base finished in Antique Bronze or Brushed Nickel.

Luxurious sinktops are offered in Pietra Gray marble, Carrara White marble, Nero Marquina marble or white ceramic with matching stone (or ceramic) drain cover. Each natural stone sinktop, carved from a single block, is one of a kind and may vary in color and veining. The masterful stonework and refined ceramic basintops are created in Ronbow's own facilities.

"While bathroom suites typically focus on squares and rectangles, WATERSPACE embraces natural curves and shapes," said Stuart Stanton, executive vice president at Ronbow. "The result is a visionary design from Joan Lao that truly breaks the mold."

Matching WATERSPACE components include LED mirror cabinets, LED mirrors and wall cabinets. The 20" touch-activated LED mirror cabinets illuminate from the mirrors' front sides and include a fixed glass shelf, two mirrors (exterior door front, interior door back) and push-open hardware. The 20" touch-activated LED mirrors are offered in square or round shapes and provide illumination around the entire face.

Finally, the 59" tall wall cabinet includes one soft-close door with GRASS hardware with finger pull and four fixed wood shelves. The Drift Gray version includes Antique Bronze stainless steel shelf rails, and the Ebo Gray version includes Brushed Nickel stainless steel shelf rails.
